# The Holocaust & Nazi Persecution In Occupied Europe

## Introduction

The terror that was the Holocaust and the specifics of that terror that constituted Nazi persecution have been well documented. Our current catalogue combines academic and historical analyses of the Holocaust with more concrete biographical and autobiographical accounts of the experience of Nazi persecution.

Of particular note are Aage Bertelsen's October '43, Martin Dean's Collaboration In The Holocaust, and Benno Muller-Hill's Murderous Science.
